Within the pages of this very special year-book lies a story of the 1979-80 school year at Conrad Weiser. For some this is their very first year, for others their very last. Each owner of the WEICON reads a unique story in its pages. I hope this edition of the WEICON has captured a year of your life in its contents for you to reflect upon in future years.

Sincerely,

class motto

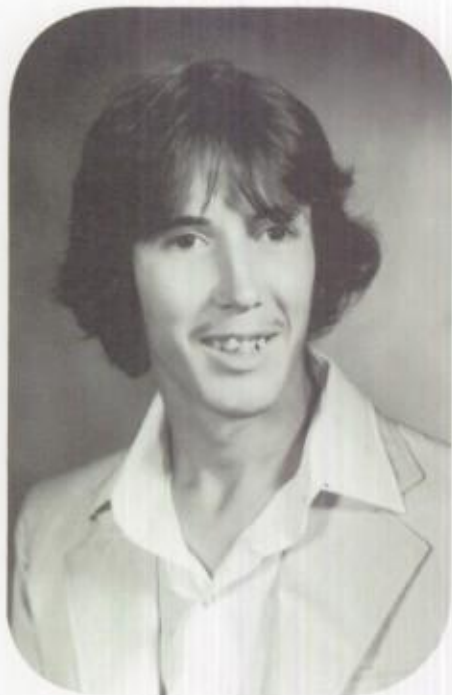

**"Do not follow where the path leads. Rather go
where there is no path and leave a trail."**

Soon our many years at Conrad Weiser will come to an end. Looking back on these years we see that they have been full of much hard work and many frustrations. Although conditions may have seemed difficult at the time, all of it was for the better as we matured both mentally and physically. Not only were these trying years, there were also many fond memories and events. The Senior Prom and the Chicken Bar - B - Q are just a few of these remembrances which will remain with us forever.

The Class of 1980 consisted of many diligent students who brought about the record setting sellout at the Chicken Bar - B - Q. Some of us will go on to higher forms of education and some of us will not. Hopefully, no matter what our destiny, we will all leave here with a basic education that will enable us to attain our goals later in life.

For it is knowledge which is the basis to success and with a class such as this, I am sure we all shall succeed.

ADMINISTRATION

**a decision is the action

formation so incom-
plete that the an-
swer does not sug-

Arthur Radford

Dr. Richard W. Miller

Ideas are our most precious natural resource - they build America. As we look into our past, ideas have put us on the moon, improved our technology in medicine to the point that our life - expectancy has greatly increased, and bettered our way of life "during the the days of our future past."

This graduating class of '80 begins another decade of idea - hunting and idea developing. In this class may be the one whose idea eliminates cancer from our lives or finds inexpensive efficient new sources of energy or many other undreamed future realities of our very being.

The great truths of human life are not inborne with each new generation. Each generation must learn them for itself. Therefore, Owen B. Young stated, the persons who can put themselves in the place of other people, who can understand the workings of their minds, need never worry about what the future has in store for oneself.

Richard W. Miller, Ed.D.
Superintendent of Schools

**Richard W. Miller. Ed.D.
Superintendent Of Schools**

The Brain Trust Of Conrad Weiser

The 1979 - 80 Conrad Weiser School Board has undergone several changes and undertaken new ideas for the future of the school system. The successful completion of the newly built junior high wing, along with alterations to the existing building were among the major objectives for the year. With the completion of the building, the board can now look ahead to new ideas for continuing improvements to the school system.

One of the major changes in this year's board was the election of Mr. Dennis J. Manbeck as president, replacing Mr. Charles A. Hartman, who has diligently served as board president for the past twelve years. Other members of the board include Mr. Charles E. Tothoro, Vice - President; Mr. James P. Shultz, Secretary; Mr. Kenneth W. Long, Treasurer; Mr. Harold R. Mayes; Mr. John R. McMillen; Mr. Richard C. Miller; Mr. Leonard G. Wolfe; and Mr. James C. Murdough. Mr. Russell G. Weidner and Mr. David F. Spang are the solicitors.

Mr. Terry W. Reber

It is fitting that this year's Weicon theme is "Days of Future Past" since last year's yearbook depicted the 25th anniversary of our school district and the reflections of the past. With the beginning of a new decade and, in the not too distant future, the beginning of a new century, we can use the past as a guide, as the class motto of a decade ago states, "Go as far as you can see; and when you get there, you will see further."

Visions of the future should present each senior with the challenge to succeed at whatever he/she aspires to achieve. Success, as beauty, can only be measured in the eye of the beholder.

It is our hope that each senior will set goals that will not only serve themselves but also mankind. Only time will determine the value of your contribution to society. No contribution is too small.

Congratulations and Best Wishes to the Class of 1980.

May I extend my congratulations to each of you for your achievement. As your theme suggests, your responsibility in life takes on a total new meaning. We trust that your preparation will permit you not only to face your challenges in the future, but also guide your action in fulfilling them.

Mr. George M. McLain

Misters Stern & Schmidt

Someone has said that men who keep their eyes on the glorious past often fail; whereas successful men keep their eyes on the promising future. The Conrad Weiser School District, now more than ever, continues to look forward to a promising future. This district, with community support, has always been a forward-looking and progress-oriented school district.

To the class of 1980 goes the challenge to keep their eyes on the promising future. The opportunities for a successful decade of the 1980's are at your door. Do not overlook them with your eyes on the past but look ahead for success and achievement in the decade of the 80's.

Plato once wrote, "The direction in which education starts a man will determine his future life." I know your families have helped you chart a future plan; our faculty has provided good direction; and we have all tried to guide you wisely. The next decade will prove or disprove Plato's words.

Best wishes to you in the eighties and throughout the rest of your life.

guidance

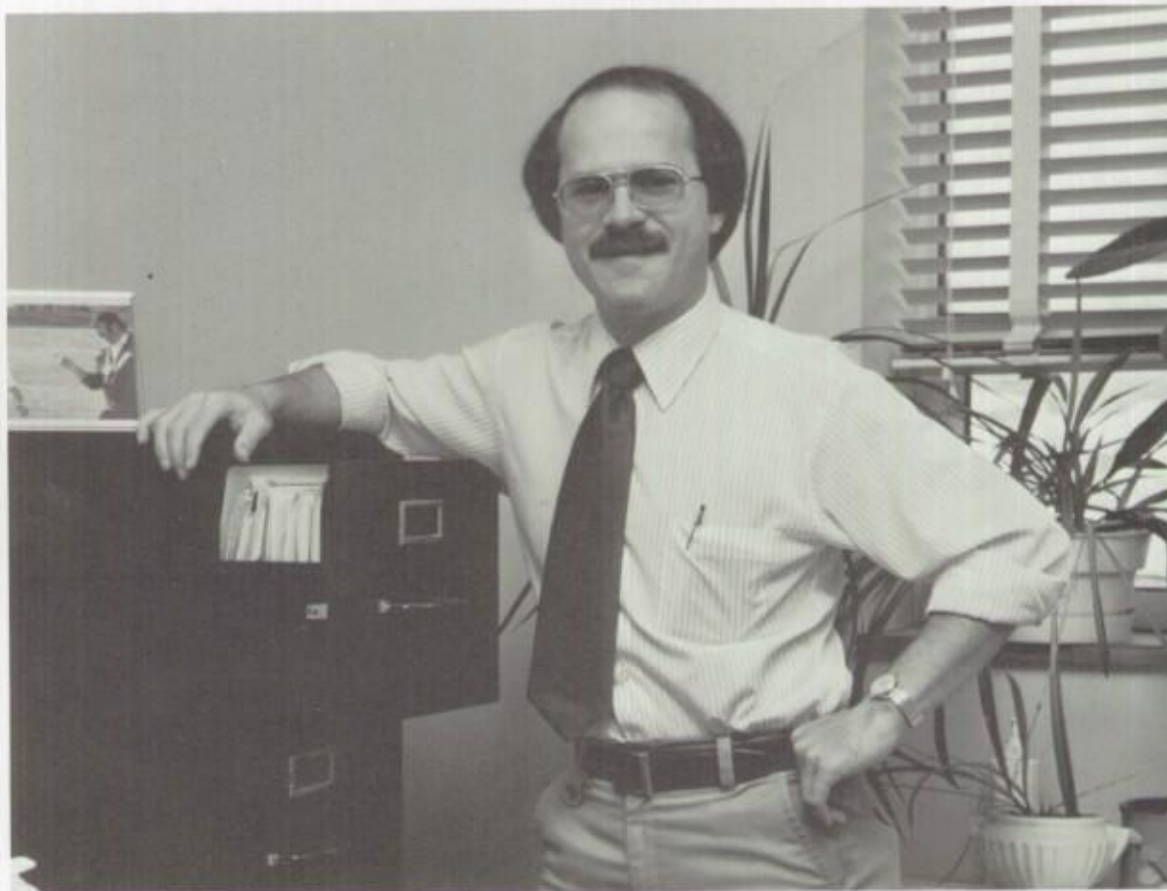

The Guidance Department exists to help students in many different ways. Mr. Moseley, department head, feels that this quotation best expresses the purpose of the guidance department, "A counselor is a person who helps someone help himself." Counselors work with students, parents, and teachers. Students go there for career exploration, college information, and problems in classes.

Those associated with the Guidance Department are Mr. Steve George, Jr. High Counselor, who deals with 7th and 8th grade students. Mr. Harry Moseley, Guidance chairman, works with Grade 9 and the Vocational students. Mrs. Helen Krott helps students in grades 11 through 12, and Mrs. Mae Bohn is the guidance secretary.

Guidance is looking forward to expanding its facilities to include a library containing career and college informations.

ADAPT

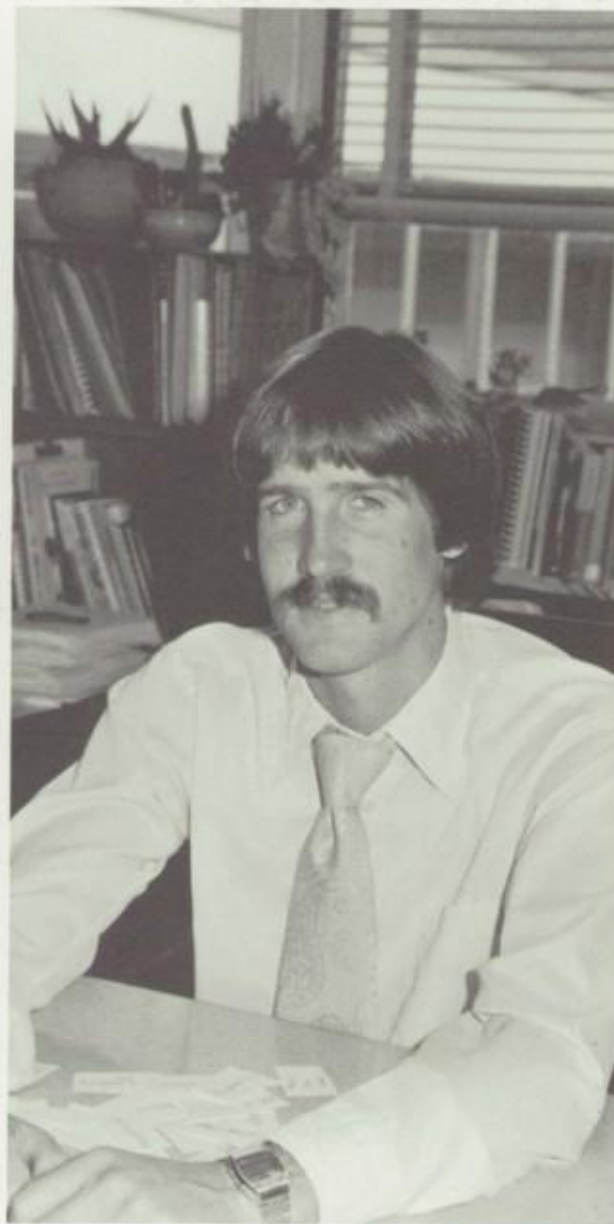

Adapt is an acronym for Attitude Development Aimed at Pupil Transition and is designed to help students who are lacking some educational skills or have some emotional and/or social problems.

The Adapt program consists of the Alternative Room, which functions primarily to alter or change the attitudes of some of the students. It is also used for in school suspension. The Transitional Room helps new students adjust to social pressures and tests students for grade level. Students with different problems are often referred by the teachers to the Transitional Room for help and evaluation. The Reading Resource Program works with 7th, 8th, and 9th graders to improve their reading skills and attempts to bring them up to level. This program is federally funded and is offered to the students during study halls.

Statistics show that the program is successful and the number of suspensions has decreased. Teachers working with the program find it rewarding.

health & library services

Mr. Schrope and the senior high library staff will long remember this year. Moving the library from its original location to the faculty room provided togetherness for staff and students of the truest sort. Moving back into the library after renovations were completed was a pleasure for all concerned. The new facility, with its many conveniences is certainly appreciated by all. Mrs. Stoebenau, junior high librarian, is happy to preside over that brand new facility. She is looking forward to the day when the library will be fully equipped and stocked with books.

Mrs. Betty Schmoyer, school nurse, is in charge of the health services at the junior and senior high school. Besides providing a haven for the ill, the health suite is a bee hive of activity when the time for dental and hearing and physical examinations arrives. In an effort to brighten the general atmosphere, murals depicting Disneyland characters have been painted on the health suite walls.

special services

Many familiar and some new faces grace the custodial staff this year. The opening of the new junior high school wing necessitated the bolstering of the custodial crew by several new members. Alterations to the original building and the construction of the new wing has provided the staff with a very interesting year.

sharon our junior miss

I was very honored to represent Conrad Weiser High School in the 1980 Jr. Miss Pageant. The experience of learning dance routines, accepting responsibility, gaining self-confidence, and meeting people from all over the county is one I'll never forget.

I never dreamed of being in a pageant, let alone being second runner-up. There is no doubt in my mind that if I were given the opportunity to do it again, I would.

I'd like to thank the special friends and relatives who supported me, their encouragement was greatly appreciated.

For all future Jr. Miss candidates, whether you represent the school, the county, the state, or the nation, I wish you the best of luck. I'd also like you to remember something I was told. "As a representative, you are no better than anyone else. You have been chosen to **represent** the group. Your job is to take a part of every girl with you as you go on, and in this way, you will become a better person."

foreign exchange to greece

In June of 1979, I packed the last of my clothing, checked my passport, said goodbye to my family, and readied for one of the greatest experiences I have ever had. I had the chance to actually live with a foreign family, see their culture from their point of view, and meet many wonderful people who will remain my international friends for life.

Greece is a really fascinating place. Near my home in Athens there were many things to do and see. We had a park near the subway. Many of my friends met there, and we talked about many things. Sometimes I visited unique shops that were selling Hellenic crafts or those Greek delicious pastries. I frequently walked down the avenues and visited such ancient ruins as the Pantheon, Temple of Athena, Thiscon, Temple of Nepheasta; and the ancient city of Corinth, where Paul wrote his letter in the New Testament.

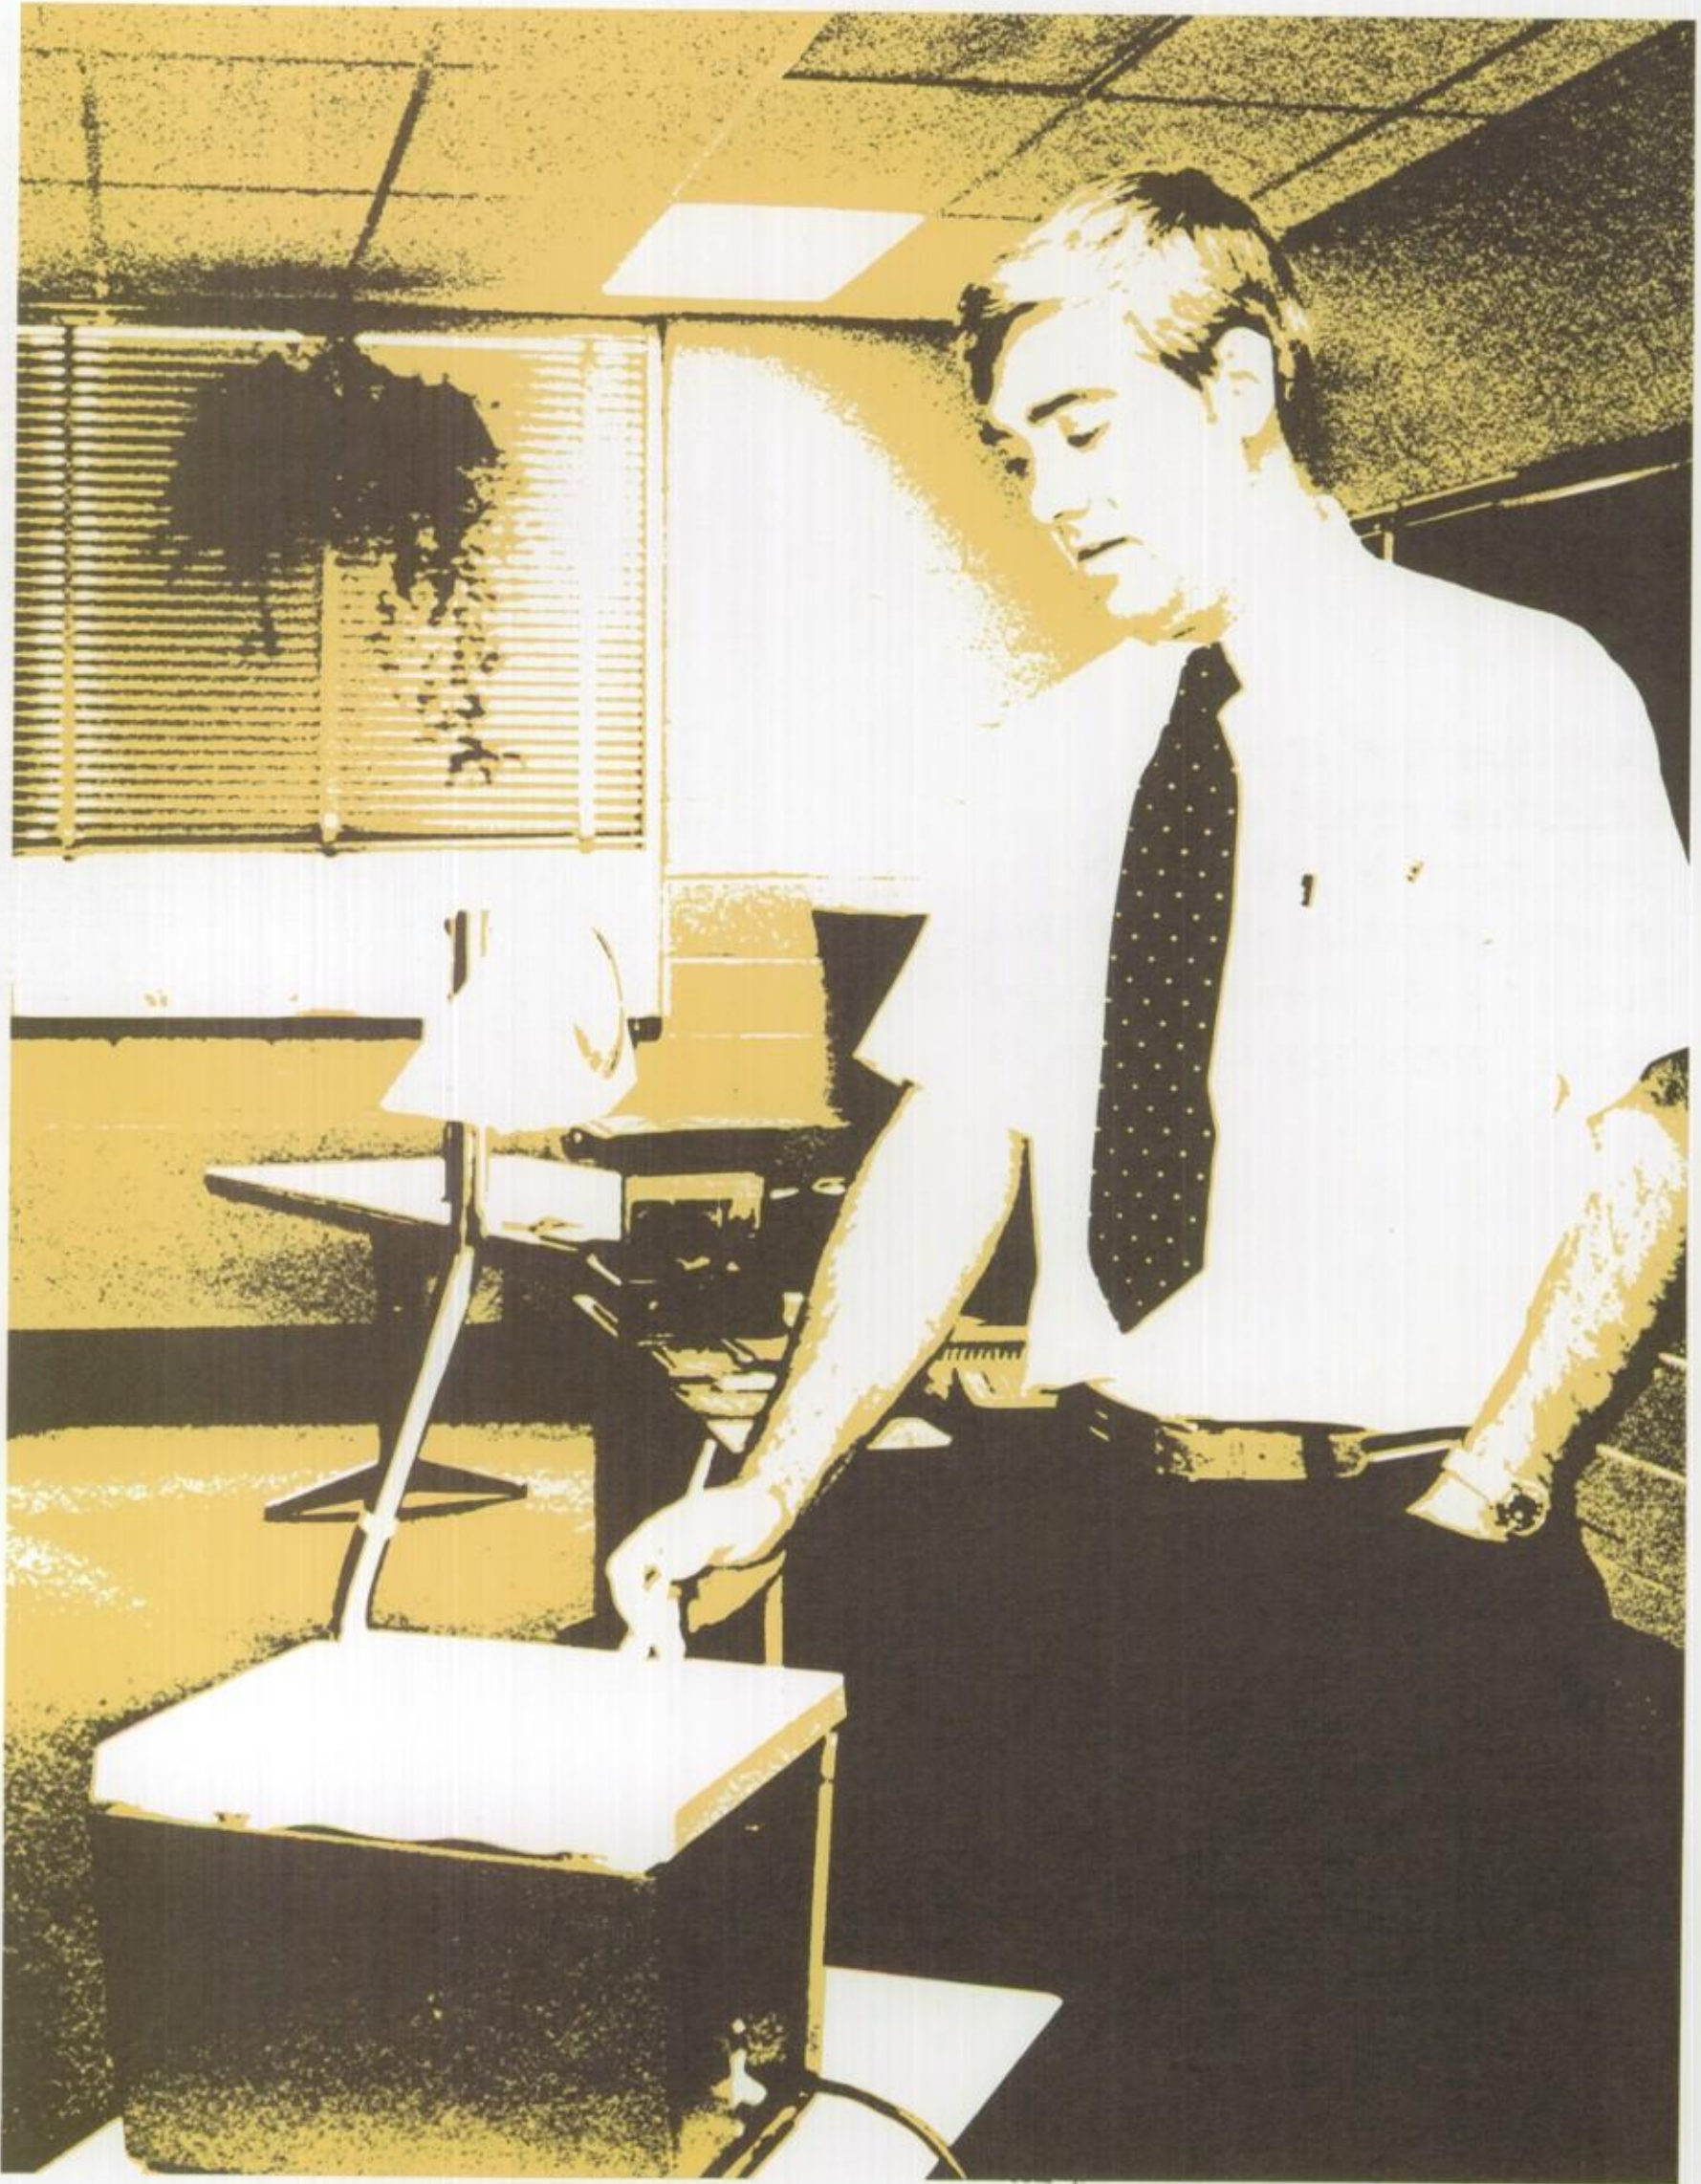

Greek living is a simple life with plain, easy cooking with lots of fruits and vegetables and much care for the family. Girls are raised as wives, and the boys are raised to be good, honest workers.

Adjustment is a key factor in really enjoying yourself in a different surrounding. When I moved to Marathon, during the middle of my stay, I actually felt that I was a part of Greece. I was no longer a tourist or sightseer.

I really enjoyed my summer in Greece, and strongly encourage those who are sincerely interested in gaining any knowledge about people and the world to travel to any country and experience its life and culture.

The English department at Conrad Weiser has a well - balanced and qualified staff. Each teacher reveals an expertise that is reflected in his or her concern for students. Each strives to prepare his students for a complex world that demands the ability to read well, speak effectively, and write coherently. Mrs. Baer states the concern of the English department best when she says, "We try to convey the importance of the use of our language and written communication."

social studies

Social Studies at Conrad Weiser is like a fantastic journey through time and space. It begins in seventh grade with the fabulous pyramids and gardens of ancient Egypt. Also during this time Mr. Klingler leads us on a trip around the world. In addition to continuing our travels, in eighth grade we become familiar with our local government and the basics of a political system. Time repeats itself when, as freshmen, we again adopt a constitution and engage in the turmoil of civil warfare.

We continue this exploration in tenth grade, where Hitler lives again to dance his gig. The need to further explore foreign cultures is satisfied by Mr. Long as the juniors journey to Japan, Africa, and the far - off corners of the world. When the young minds at Conrad Weiser become seniors, they discover the reasoning and power behind the government of the United States. It is at this time that we begin to ponder what we have learned during the years of our journey and use the knowledge to decide what part we shall play in the future of our country and the world.

math

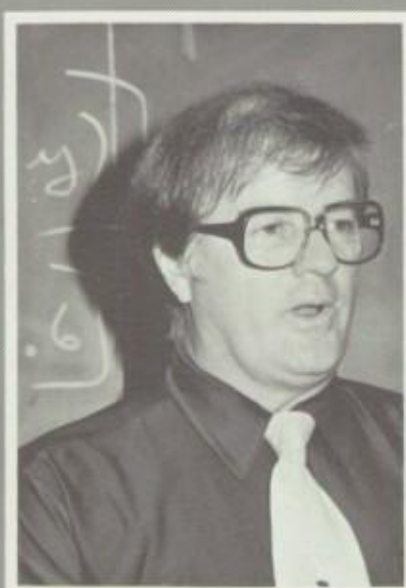

When asked to comment on the various phases of the Mathematics Department, Mr. Hess, department head, offered this quotation by Morris Kline as being a concise summary of the purpose and values of mathematics. "Mathematics is a model of exact reasoning, an absorbing challenge to the mind, an esthetic experience for creators and some students, a nightmarish experience to other students, and an outlet for the egotistical display of mental power. But historically, intellectually, and practically, mathematics is primarily man's finest creation for the investigation of nature. The major concepts, broad methods, and even specific theorems have been derived from the study of nature, and mathematics is valuable largely because of its contributions to the understanding and mastery of the physical world."

To accomplish the aims expressed by Mr. Kline, Weiser offers a varied program covering the various phases of mathematics.

science

Science, with its beauties and complexities, has always aroused man's curiosity. Upon entering into the seventh grade, the student is introduced to the role of meters, liters, and grams and the task of cleaning fish tanks. Advancing to the eighth grade, one is faced with his first dissection, that of the worm. These two years of Junior High science provide a basis for future studies. As a freshman, one encounters Mr. Herman's study of minerals and attempts to name the minerals in record time. The sophomore science student is confronted with the collection of leaves and Mr. Breininger's wonders in jars. Juniors apply different exercises with atoms, moles, and water bottles throughout the chemistry course. For those willing to continue their studies in the science field, courses such as advanced biology and chemistry, nuclear and Harvard physics, and advanced physics may be taken.

language

Knowing another language is a good way of jumping communication barriers. It allows people with different customs and languages to understand each other's ways better.

With our country gradually balancing itself in many different areas, a different language may be an essential tool for the future. We could communicate with other countries in such matters as dealing with industry, business, and agriculture. A traveler to a foreign country would be able to speak another language, making the trip convenient and more enjoyable.

Our foreign language department tries not only to teach the student a different tongue, but also to give that student a background of the country itself, its customs, history, and present conditions.

Students who want to be prepared for a job as soon as they graduate from high school, find that the business department provides them with many marketable skills. The business curriculum introduces the study of Business Math and General Business for the ninth grade. Timed writings, dictation, and mailable letters are among the favorites of the devoted Shorthand and Typing students. Accounting is a course that prepares students for future careers in accounting or banking. Anyone who is looking for a course that is the combination of all this training will find Office Practice, which teaches all skills, is this course. For all high school students enrolled in business, there is the national organization of Future Business Leaders of America. art

Art is the creating of things that have form and beauty. An important part of each one of us is having the opportunity to express ourselves visually. Each individual piece of art is as unique and special as each one of us. Everyone has a little bit of creativity in him, and at Conrad Weiser we let each student take that little piece of creativity and expand it as far as his wildest imagining may take him. Basic Drawing, Printmaking, Oil Painting, and Stage Design are a few of the art courses offered to the students. Mr. Kuczala and Mr. Alexander head the art department and offer their help to each student new to art.

vocational agriculture

Far too many people fail to take the business of farming seriously. Products on the grocery shelves were not made in the rear of the store, but on agricultural land by a businessman that has an investment of $\frac{1}{2}$ million dollars. The agriculture department at Conrad Weiser is dedicated to the preservation of farm land and the important enterprises that feeds all of us. There are seven areas of agriculture, and Conrad Weiser offers courses in each. These are: Agricultural Production (farming), Agricultural Processing (manufacturing of raw products), Forestry (tree production), Ornamental Horticulture (green house and flower production), Agricultural Products (cheese, foods and quality control), Agricultural Supplies (supplying the farmer with the goods and services he needs), Agricultural Resources (natural resources), and other Agriculture (for example, veterinary medicine or teaching).

vo-tech schools

Many students from Conrad Weiser are enrolled in the various areas of the vocational-technical schools. Throughout the East and West Vo-tech we have approximately 110 students participating in a total of twenty-six different courses. A new course offered for the first time this year is Occupational Child Development. Participating in this program provides students with an opportunity to learn a trade or profession which will provide them with a future career. In addition, the co-operative program not only provides students with actual on the job experience, but also offers them the possibility of future employment.

special education

This year has been a year of accomplishment and a year of effective development. New ideas were brought into the special education program. The students are educated as people with lesser mental abilities and functions. They are taught the basics of reading, math, and writing and also how to function in a civilized world: writing checks, understanding contracts, banking, income, and developing job opportunities. Art, gym, wood and metal shop, and home economics are essential classes of the program.

The department was split into a mixed category. The former, being the E. M. R. (Educable Mental Retarded) and the new program, the S. E. D. (Socially and Economically Disturbed). Here a student has all the academic abilities that society terms "normal", but he cannot function properly with peers in a classroom. The students in this program develop classroom behavior and effective cooperation. They are later mainstreamed into a few classes and afterwards to be permanently working in all academic classes.

This new system of special education provides a cross-over for students who cannot be placed in either category solely, but in a part of both. This leaves a development system for a wide range of students to be prepared for a social world. This is indeed special.

health & physical education

The physical education department has been able to expand its program in grades nine through twelve. Mr. Troutman's debut as a health and physical education teacher has allowed the introduction of co-ed courses in ninth and tenth grades. The utilization of the new junior high gym and locker rooms has been another factor contributing to the expansion of the phy's ed program. The new gym is also being used for a gymnastics course offered to girls in seventh through twelfth grades. Mini-courses are again being offered in grades eleven and twelve.

Systems of the body is the course of study pursued by the ninth grade students in health. Eleventh grade is presented with a course in family living. In addition, this year an attempt is being made to give all eleventh grade students an opportunity to participate in the CPR program.

driver education

When students reach tenth grade they are offered driver-ed in the classroom. Students meet two periods a week for one semester. In class they will learn principles of safe driving and also see movies designed to "scare" the viewers into driving both safely and defensively. Toward the end of the course Mr. Redcay brings in a time reaction simulator, which tests the reflex actions of the student. He also brings in another machine which tests the peripheral vision of the student. Students will also read the driver's manual and answer the questions in it.

When students reach the age of sixteen and have passed the classroom driver-ed satisfactorily, they may sign up for "on the road" driver-ed. At this time they will drive with Mr. Redcay and learn how to handle the vehicle in a realistic situation.

music

The high school music department has a very important job. Besides teaching seventh, eighth, and ninth grade students about musical instruments, famous composers, and school songs, Miss Murdough also conducts the school choruses. The music department also offers to senior high students a music activities period, meeting every eighth period. During this time Miss Murdough holds rehearsals for the ninth grade, Senior, and Girls' choruses. After school she also conducts the Glee Club and Choraleers and holds rehearsals for the musical. Mr. Mills doesn't have an easy job either. Aside from conducting the senior band every eighth period, he also teaches music theory and composition and conducts sectionals daily for interested students.

football

This year the Conrad Weiser football team compiled a four win, six loss record, placing fifth in the league standings. The biggest disappointment to the squad was the loss to Schuylkill Valley, a loss due mainly to inexperience. The year was a very good confidence builder for the boys to let them know what they can do in the future years.

The coaching staff is very pleased with the effort the team displayed on the grid. They were a coachable team, who showed a positive attitude toward the game.

A few of the many seniors demonstrating skill on the gridiron were Keith Bond, Ben Hanselman, Tony Harakel and Mark Naumann. The latter two as co-captains showed their leadership on the field. A young team, gaining experience, came up with a few mistakes in defense, but still were tough against the opposing teams. Andy Harakel did an outstanding job as quarterback despite his size. Backs Mark Moyer, Kevin Connors, and Percy Taylor also displayed their talents in the offense.

The team has an optimistic attitude toward next year. If they work as well as they have in the past and continue their forward progress the team will change its record and league standings for the better.

soccer

This year's team consisted of a group of athletes who were willing to practice to make it to the top. Although the team finished third overall, their five consecutive game winning streak was certainly a big part of the season. One of the more memorable highlights of the season was the game against Reading at Reading. Weiser was considered the underdog and the weather didn't help; pouring down rain. But Weiser came through, soaked but on top.

hockey

Teamwork was the key to the success of this year's varsity field hockey team, and it shows in their outstanding record. Led by Co-Captains Deb Bright and Sonia Votoras, the girls posted ten wins and three losses. The team held together through thick and thin, win or loss, joy or sorrow.

Freshman Donna Graupp and Senior Sally Nase led the scoring by knocking in five goals each. Sue Reber and Deb Bright helped by adding three a piece. Deb was chosen as a county all-star by the coaches of the county.

Laurie Ketner, county all-star goalie, had eight shutout games during the season with 65 saves.

The Jayvee team, led by Jill Miller and Deb Hetrick, carries a record of 4 wins, 5 ties and 4 losses.

With new coaches and new ideas, the girls did a great job and Conrad Weiser is proud of them!

cross-country

This is the fourth consecutive winning season for the Boy's Cross-Country team. Ending the season with a 6-2-1 record, the team placed third in their division, a disappointing sixth in the county, and eighth in the District III meets. Junior Dale Firestone, the individual leader and county champion, placed third in districts, and seventh in the AA state meet. This team includes a large group of seniors, who were primarily responsible for the fine record. They are Jeff Collom, Wayne Blatt, Les Franks, Todd Lynn, and Tim Casto. The team also has three sophomores, Darryl Mountz, Dan Casto, and Steve Garman, and one freshman, Mike Loose. Coach Seifarth can only have confidence that the years to come will be equally productive.

Seniors: Todd Lynn, Les Franks, Wayne Blatt, Jeff Collom, Tim Casto.

Front Row: Steve Garman, Dale Firestone, Darryl Mountz, Tim Casto, Mike Loose; Back Row: Dan Casto, Todd Lynn, Les Franks, Wayne Blatt, Jeff Collom, Coach Seifarth.

Running races through small ponds after huge rains, being the first girls' team to complete the three county training course (nine and a half miles), and hiding from the coach during practices are some of the memories that linger from the Girl's Cross-Country season. This team's record disguises some good performances and personal improvements. Senior Donna Zimmerman will be remembered for her enthusiasm at the Conference and District runs. Rita Schodowski, the leading runner, Ruth McKinney, Tammy Culler, and Sharon Oberly completed the five member squad. Certainly the expression "long, lone-

golf

The 1979 Golf team opened the season September 7, playing all their home matches at Galen Hall. The team ended with six wins and three losses, tying for second place in the league. This was Coach Troutman's best season in seven years.

The team roster consists of three juniors, three sophomores, and one freshman. So next year will be promising as the whole team returns.

Four members, John Musante, Brian Phillips, Craig Heckman and Jeff Phillips, went to the county play-offs. Three of placed within the top six. Heckman, Musante and Brian Phillips also attended the districts.

Kathy Yeager was Weiser's first female golfer. She placed fourth in the county and seventh in District three.

Front Row: Kerry Schneck, Andrew Sekellic, and John Fiant; Second Row: Kathy Yeager, Kirk Bean, Kenny Miller, Brian Phillips, John Musante, Kevin Johnson, Neil Putt, Bill Musante, Craig Heckman and Coach Troutman.

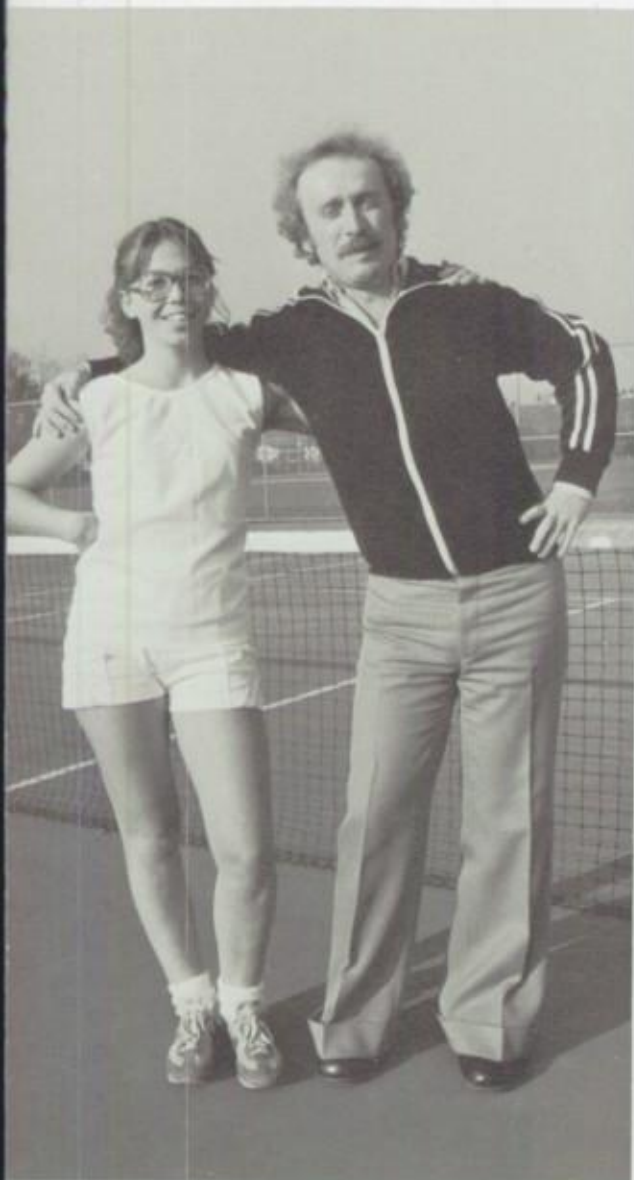

tennis

The 1979 Girls' tennis team, though young, showed steady improvement through a 4-7 season. Unfortunately, close matches receive no credit in the record. The girls' only double losses were to strong Wyomissing, the second loss a 4-3 thriller, and to powerful Wilson, two teams sporting several members who are graduation-bound. The strongest girls' tennis team in Conrad Weiser's history was built around its five singles players - Leslie Gianoplos, Sue Yerger, Cathy Kennedy, Jodi Zerbe, and either Chris Behney or Amy Troup. All but Cathy are underclassmen.

In the semifinal action of the Berks County Championship Tournament, the doubles team of Sue Yerger and Cathy Kennedy lost to the eventual winning pair of Reading High School. Junior Leslie Gianoplos distinguished herself by competing in the Tournament's finals and later, by reaching the District 3 quarter-finals, having faced a field of 128 players representing 45 schools.

Next year, with the returning talent toughened by this year's experience, expect to see contenders.

Front Row: Manager Michelle Benethum, Leslie Gianoplos, Cory Staudt, Carla Schneck, and Julia Mills; Second Row: Coach Long, Jodi Zerbe, Kim Kline, Chris Behney, Sue Yerger, and Amy Troup.

Senior Carla Schneck and Coach Long.

boys' basketball

As we go to press, the Scouts round ballers have compiled a 7-6 record. This is quite an accomplishment, considering a rocky 0-3 non-league start and the fact that the tallest starter is only 6'1". Weiser has relied on accurate shooting, balanced scoring, and hustling defense to compensate for rebounding deficiencies and the loss of four starters from last year's team.

The addition of Reading High to Berks County's Section 1 has upset the balance of the league somewhat this year, but the Scouts look forward to the possibility of a good showing in the P. I. A. A. District III play-offs. The season has been highlighted so far by road victories at Holy Name and Exeter as well as the championship of the Conrad Weiser Boosters' Christmas Tournament. The toughest defeat has been a 70-68 overtime loss to rival Wyomissing. "AAA" toughies, Reading and Wilson have also dealt the Scouts losses in Section 1. Eleven tough league games remain, so anything can happen between now and the end of the season.

The Scouts have been paced by capable senior co-captains, Mark Owens and Tim Rentschler. Owens leads the team in assists and averages around 10 points per outing, while Rentschler does the bulk of the ball handling and contributes fine defense to the team cause. Senior Bob Houck and talented juniors Tom Embleton and Roger Yoh all average in double figures and should continue to do so for the remainder of the season. Houck and Yoh have been rebounding leaders. An ankle injury to Owens could force seniors Joe Grajewski and Steve Lightner or sophomore Mark Moyer into more action as the season continues. Grajewski and Lightner have played in all 13 games to date, while Moyer was recently elevated to varsity status.

Only time will tell what 1980 will hold for this edition of Conrad Weiser basketball. But if the hustle and determination of the first half of the season continues, the big upset is always possible, and all opponents will be within reach.

JV Squad - Bottom Row: Tom Rentschler, Vince Kramlich, John Musante, Mark Moyer, Leon Ohlinger, Kerry Schneck; Top Row: Coach Redcay, Daryl Mountz, Bob Boyer, Andy Murdough, Arnold Imbach, Todd Gift, Robert Beidler, Jeff Phillips, Todd Phillips.

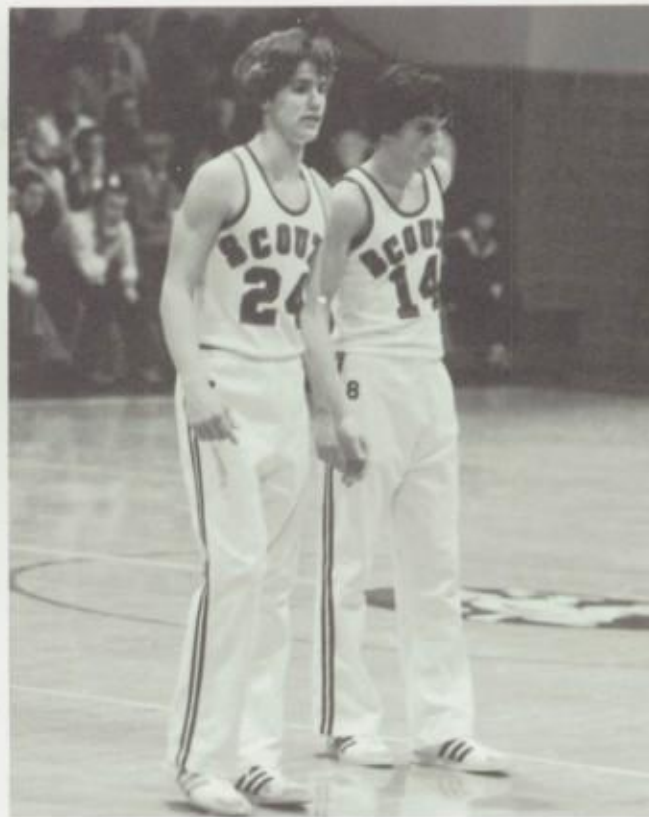

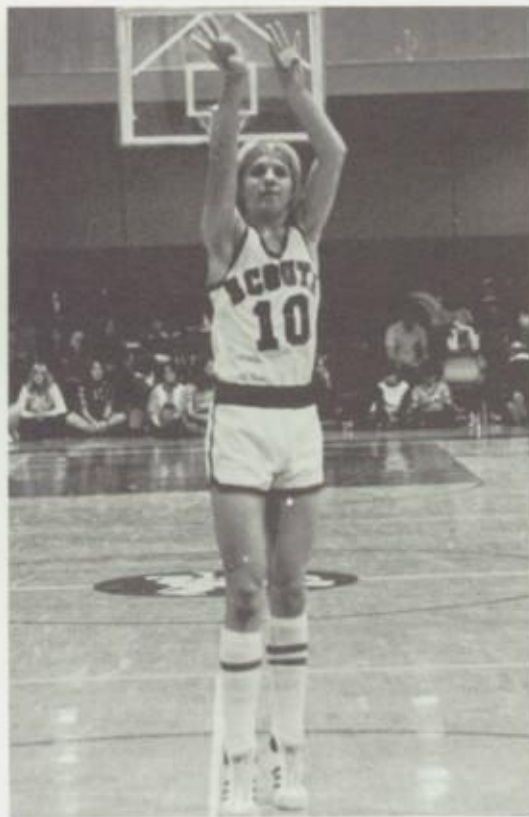

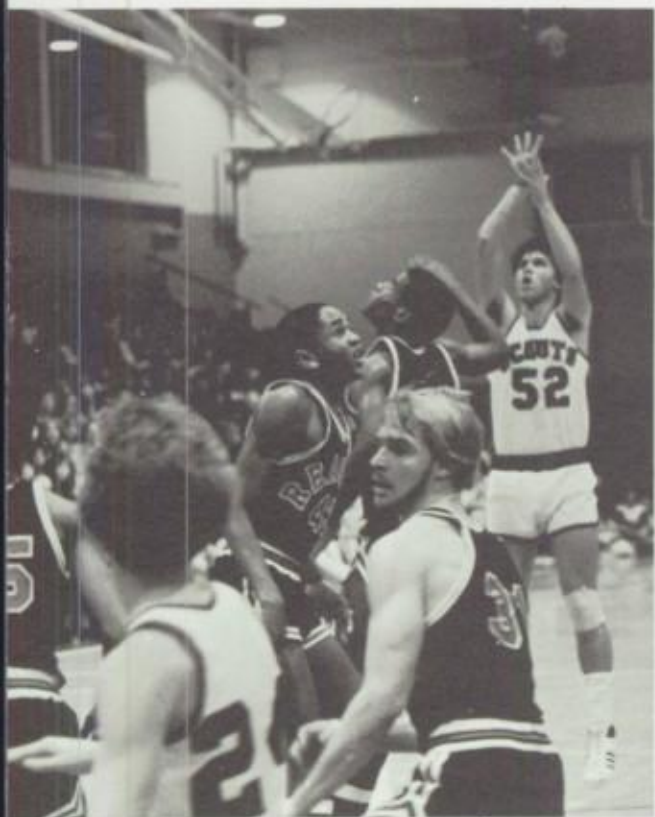

Varsity Squad - Bottom Row: Tom Embleton, Mark Moyer, Tim Rentschler, Keith Moyer, Steve Lightner; Top Row: Paul Sutherland, Coach Redcay, Joe Grajewski, Hank Merrill, Bob Houck, Todd Williams, Roger Yoh, Mark Owens, Coach Greenwood.

Seniors - Bottom Row: Tim Rentschler, Steve Lightner; Top Row: Coach Greenwood, Joe Grajewski, Bob Houck, Mark Owens.

girls' basketball

SENIORS - Cathy Kennedy, Theresa Groff, Donna Zimmerman, Deb Bright.

The Girls' Varsity Basketball team, up to this point in the season, has a record of 7-6 overall, and a 3-5 record in their league. One highlight of the season was beating Wilson by one point. Sprained knees and ankles, jammed fingers, and back problems hampered several players from contributing their best efforts. The team will be in the District 3 playoffs this year for the first time.

The J.V. team, half way through the season, has a record of 9-4 over-all and a 5-3 record in the league. The majority of the team is freshmen. Ms. Rurode commented that she sees improvement with each game and is looking forward to a good second half.

VARSITY TEAM - FRONT ROW: Trudy Neiheiser, Donna Zimmerman, Deb Bright, Gail Witwer, Melinda Miller, Cathy Kennedy. SECOND ROW: Carman Graupp, Theresa Groff, Cindy Long, Brenda Spaid, Beth Miller. THIRD ROW: Patty Troutman, Robin Griffiths, Mr. Bausher, Nancy Miller, Jane McDonald

wrestling

The 1979-80 Wrestling team exemplifies, more than any team in recent years, what it takes to be a winner - a positive mental attitude - hard work, and a deep desire to improve. A great deal of this can be attributed to the fine leadership shown by the seniors on the team. I'm sure, with the number of underclassmen on the team plus the addition of 9th graders from the J.H. Championship team, Weiser's Wrestling future will be a bright one. Coach Heilman

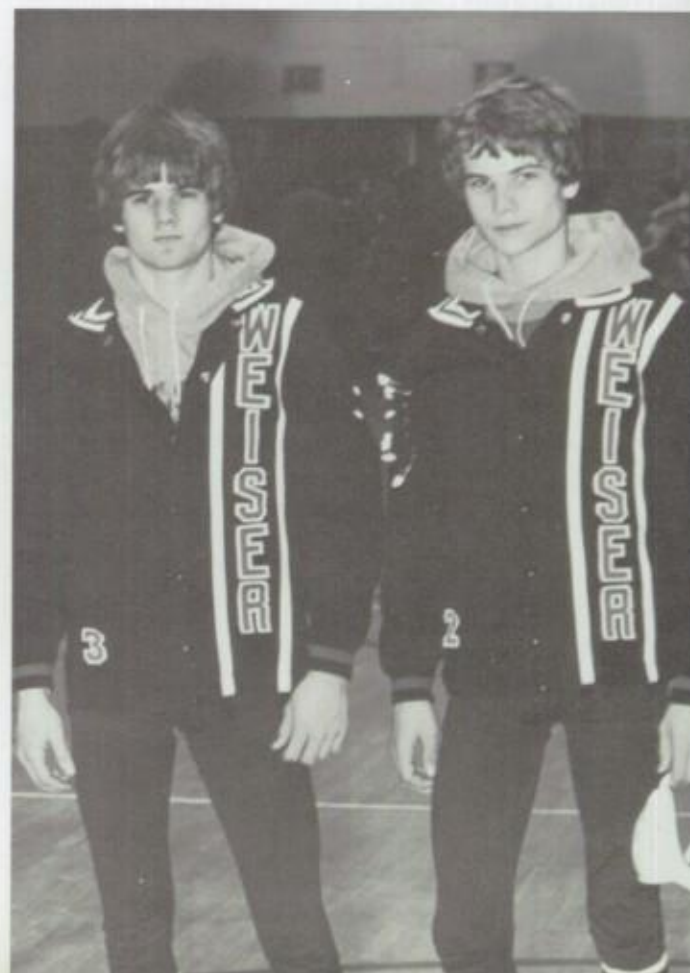

JAYVEE TEAM - FRONT ROW: John Riegel, Scott Michael, Roger Feeg, Pete Snyder, Tal Wenrich, Danny Casto, Tim Casto; SECOND ROW: Bob Pierce, Wayne Koch, Kevin Rafuse, Steve Miller, Ken Keppley, Jim Angstadt, Keith Ream, Todd Sauber.

VARSITY TEAM - FRONT ROW: Greg Paulson, Joe Humphreys, Kirk Humphreys, Cory Peifer, Rick Kirkpatrick, Rod Snyder; SECOND ROW: Kyle Butcavage, Kyle Hamilton, Jeff Wanner, Marc Ray, Tony Harakel, Andy Harakel.

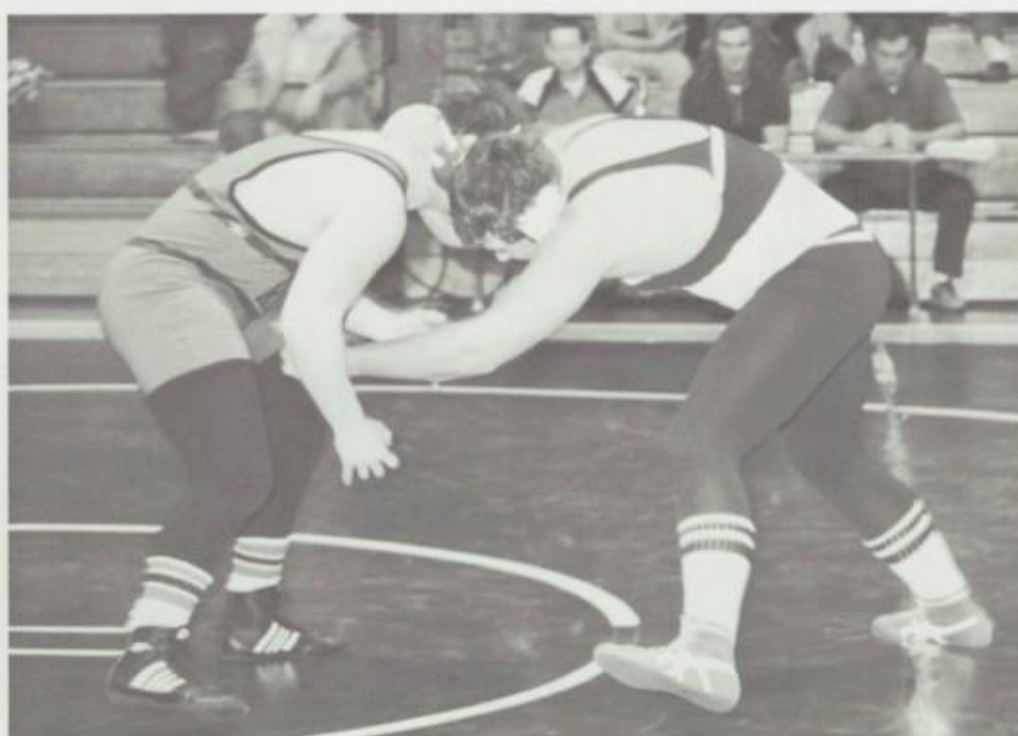

MANAGERS: Sherry Geltz, Lori Ressler, Cindy Clark.

Seniors - FRONT ROW: Rick Kirkpatrick, Kirk Humphreys, Rod Snyder; SECOND ROW: Marc Ray, Kyle Hamilton, Jeff Wanner, Tony Harakel.

bowling

Boys' Team - FRONT ROW: Allen Styer, Dave May, Dave Porter, Gene Hartman, Jeff Hollenbach, Russell Miller, Mike Eshbach; BACK ROW: Frank May, Steve Latshaw, Craig Schafer, Rod Moyer, Randy Mosteller, Coach Sheldon Rissinger.

Bowling is a sport of perfectionism and skill. It is exciting, enjoyable, and sometimes amusing as you watch your last pin fall in the tenth frame and wonder if your score is high enough to help the team to victory.

This year's team was composed of many fine bowlers, both boys and girls. Twelve boys and twelve girls were chosen from the top bowlers of the intramurals.

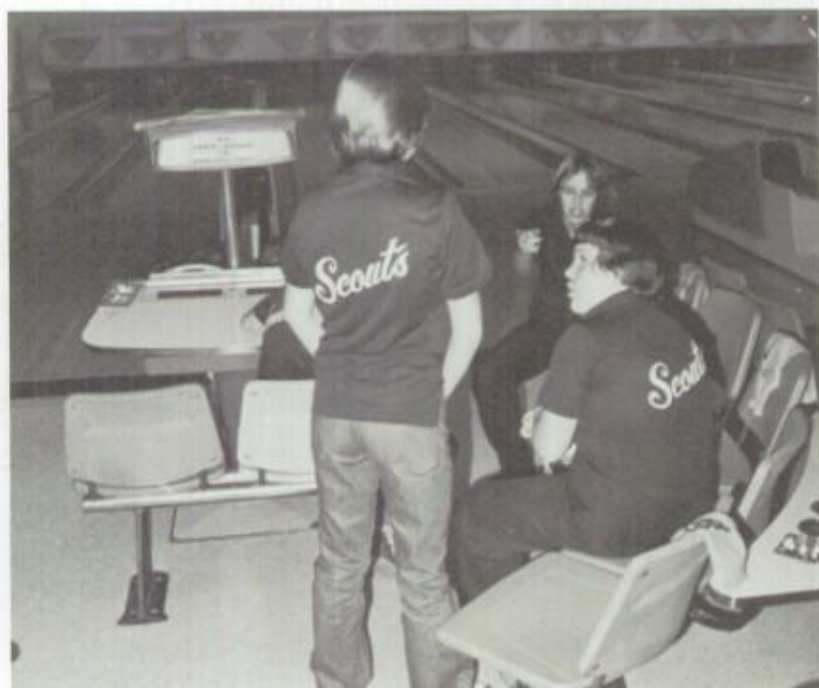

The boys' team was led by Craig Schafer with a 185 average and Frank May close behind with 182. Along with the fine efforts of Gene Hartman, Steve Latshaw, and David May, the team so far has accomplished a 25-20 record with Craig Schafer rolling an incredible high game single of 258.

The girls' varsity team is keeping pace with the boys and currently holds a 25-20 record also.

All of the members of the squad should be proud of themselves for the excellent job they have done and for their dedicated school spirit.

Girls' Team - FRONT ROW: Laura Richards, Elana Swope, Sherri King, Donna Luckenbill; BACK ROW: Wendy Rulapaugh, Wendy Murray, Lori Adams, Coach Rissinger, Priscilla Riegel, Sue May.

Seniors - FRONT ROW: Dave Porter, Priscilla Riegel, Jeff Hollenbach; BACK ROW: Frank May, Rod Moyer, Randy Mosteller.

winter track

"This year of 1979-1980 for the Winter Track Team has been a very successful one," states coach Charles McComsey. He had four of his top athletes qualify for the Meet of Champions held at Princeton University. The prerequisites for this meet are to gain either a first or second place in a seasonal meet. His athletes were Wayne Blatt in the hurdles, high jump and triple jump; Jeff Collom in the mile run; Dale Firestine in the two mile; and Mike Zidik in the high hurdles.

The track team has indoor meets every Saturday during the season and the meets are usually held at colleges like West Chester, East Stroudsburg, and Lehigh. The meets are called medal meets because medals are awarded for the first four runners.

The girls have it tough in the forty-one person squad because they must compete with the boys. But all in all, we can be proud of the excellent job the team did this year.

Seniors: FRONT ROW: Jeff Collom, Leslie Franks, Wayne Blatt, Todd Lynn, Mike Zidik; BACK ROW: Coach Charles McComsey, Candice Crumrine.

FRONT ROW: Coach Charles McComsey, Rita Schadowski, Candice Crumrine, Donald Duncan, Mike Zidik, Jim Miller, Dale Firestine; Middle Row: Todd Lynn, Steve Garman, Leslie Franks, Dean Umberger, Craig Kershner, Mary Snyder, Chris Gutshall, Barry Fleischmann; Back Row: Jeff Collom, Ruth McKinney, Patty Murdough, Phyllis Schoennagel, Wayne Blatt, Kevin Connors, Scott Carl, Barry Witmoyer.

junior high sports

Junior high sports prepare Weiser's athletes for the future. It is in this program that talents are developed, discipline is learned, and experience is gained.

The junior high wrestlers had an excellent season, seven wins and one loss. This was the first year that they tied for the Section I championship. Team captains were Chris Clark, Todd Keller, Scott Morrissey, and Pete Rader.

This was also a very good year for junior high basketball. It is the first year that the pony team consisted of only seventh and eighth graders, and the junior high team of ninth graders. The pony team record was a respectable 7 wins and 8 losses. The junior high team had the best season they've had for some time, 12 wins and 4 losses.

The junior high cheering squads are also doing their utmost to support our teams and develop their cheering abilities.

By the looks of our junior high sports teams, the future of Conrad Weiser athletics looks very promising.

JUNIOR HIGH WRESTLERS - FRONT ROW: Jerry Hartgen, Mark Sywenki, Paul Woods, Leon Miller; SECOND ROW: Chuck Albert, Pete Rader, Scott Morrissey, Chris Clark, Marc Koch, Todd Keller, Terry Budwash, Mark Johnson; THIRD ROW: Coach Silveri, Ronald Sweigart, Eric Felbeck, Howard Secrest, Andy Grajewski, Dwayne Putt, Eddie Schoennagel, Cory Schneck, Coach Harman.

Managers - Kelly Organtini, Chris Spaid, Traci Gehman, Danielle Shunk.

JR. HIGH BASKETBALL - FRONT ROW: Robbie Kirkpatrick, Gary Raihl, Randy Miller, Tony Flowers, Steve Speiss, Steve Bright; SECOND ROW: Coach Kuhn, Glendale Patrick, Terry Heckert, Danny Heister, Steve Faust, Dave Pisano, Rudy Schodowski, Andy Meredith.

PONY BASKETBALL - FIRST ROW: Scott Ravert, Dana Moser, Greg Lucas, Chris Schoener, Alan Moyer, Mike Embelton; SECOND ROW: Bob Tranquillo Darryl Moser, Jim Hoffa, Tim Maurer, Donald Ohlinger, Coach Kirschman; THIRD ROW: Robert Althouse, Steve Lutz, Troy Peiffer, Scott Crumrine, Steve Miller, Scott Plank.

JR. HIGH CHEERLEADERS: Lisa Moyer, Cindy Behney, Karen Wolf, Leann Kiscadden, Grace Leinbach, Carole Stump, Cathy Zerbe, Cindy Joseph.

PONY CHEERLEADERS: Marcia Dreibelbis, Meg Nase, Kim Leinbach, Julie Smilak, Stacy Dietrich, Stacey Zupan, Laura Lightner, Sue Maloney.

cheerleaders

The Conrad Weiser cheerleaders are a group of enthusiastic, spirited girls. Displaying Weiser pride and raising Scout spirit are just a few of the cheerleaders tasks.

Among this year's highlights was the pep rally, the new sweaters for the wrestling cheerleaders and attending cheering camp. Weiser also had the honor of hosting the Berks County cheerleading competition this year. But above all, the most satisfying endeavor was the supporting of all our super athletic teams through victory and defeat, failure and success.

JAYVEE CHEERLEADERS - L to R: Mary Owens, Marcy Kimmel, Betsy Joseph, Cathy Joseph, Kim Bauman, Sue Yerger, Shari Hahn, Tracy Hartranft.

VARSITY CHEERLEADERS - Top to Bottom: Gina Filippini, Susan Reber, Kelly Kennedy, Cherisse Bean, Sherri Zupan, Sally Nase, Andrea Schoener, Pamela Dietrich.

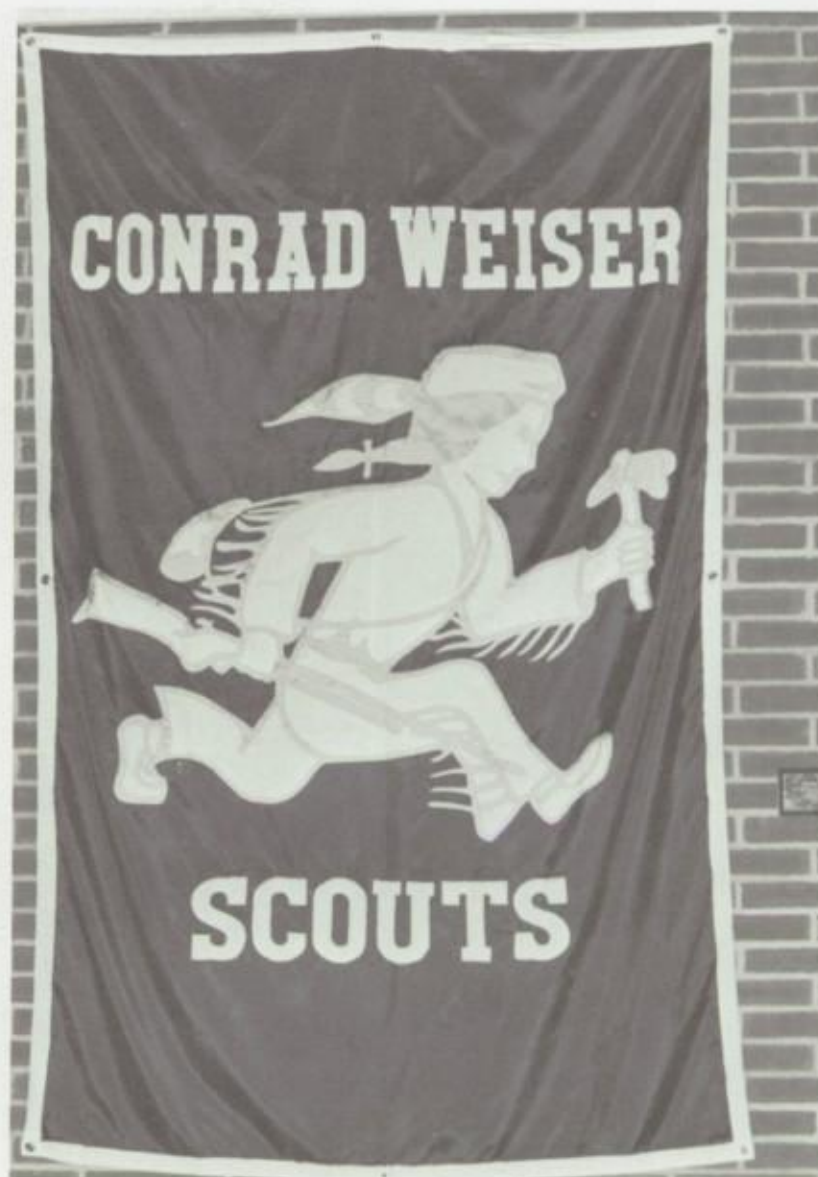

WRESTLING CHEERLEADERS - L to R: Lanette Gockley, Brenda Wanner, Lisa Bube, Michelle Shealy, Janell Bertram, Tammy Mountz, Carla Schneck.

weicon

Once again the WEICON staff has been hard at work to bring you this year's yearbook. After many pictures were taken, only the best ones were chosen for the yearbook. At this point the pictures were sorted, cropped, and placed on the correct pages, copy was written and typed. After this was completed for every activity, sport, and class the WEICON finally assumed the finished form you now see before you. The yearbook staff hopes these pages will bring back many memories of the first year in the 80's for many years to come.

WEICON STAFF - Front Row: Randy Mosteller, Debby Ruth, Kevin Staudt; Second Row: Lisa Brandt, Michelle DeLong, Eric Daniels, Peggy Buffenmeyer, Donna Lied, Sherry Geltz, Andrea Schoener, Kathy Ludwig, Sue Yerger, Betsy Joseph, Laurie Klahr, Kim Chrzanowski; Third Row: Alicia Gruber, Theresa Groff, Julia Mills, Carla Schneck, Jody Oxenreider, Joni Reuter, Melodie Miller, Janell Shultz, Michelle Fritz, Jody Zerbe, Stacy Himmelberger, Sherry Hoppman; Fourth Row: Karen Reifsnyder, Kay Matthew, Eric Schmoyer, Alan Hanes, Nina Hartman, Debby Noll, Tracie McMullen, Barbara Coryell, Kathy Naumann, David Schweizer, Kyle Butcavage.

conrad weiser high school

Achieving a unity between other clubs, the administration, teachers, and the student body is the main goal of the Student Council.

They provide refreshments for sports activities in the newly built snackbar. This year the Christmas decorations were partly sponsored by the council.

Dances are still on the list of their most popular activities, and now you may also let your secret love know you care by sending him or her a carnation on Valentines Day. All in all, the Student Council is doing a great job in promoting school spirit!

SENIOR HIGH STUDENT COUNCIL - Front Row: Kelly Kennedy, Rick Kirkpatrick, Sally Nase, Sherry Zupan; Second Row: Todd Keller, John Reuter, Peggy Kissling, Sharon Brunner, Jill Miller, Laurie Klahr, Rod Snyder, Scott Michael, Chris Clark, Sue Wills, Lyn Beamesderfer, Leann Kiscaden, Lisa Moyer, Cynthia Behney, Carol Stump; Third Row: Michael Sheidy, Tad Achenbach, Kelly Correll, Tammy Culler, Alicia Gruber, Tim Gelsinger, Pamela Dietrich, Cathy Joseph, Karen Jones, Gina Fillippini, Gail Witwer, Sue Reber, Cathy Stump, Cindy Joseph; Fourth Row: Rick Speicher, Marc Ray, Alan Hanes, Wayne Koch, Brian Snyder, Peggy Buffenmeyer, Steve Miller, Kim Bauman, Mike Bashore, David Schweizer, Mr. Eugene Schroepe, advisor.

band

As the music builds in the new band room, the senior band generating that sound might possibly be one of the most outstanding in Conrad Weiser history. The hours and hours of hard work in the sometimes frigid autumn air have been worth it. The Marching Scout Football Unit received a score of excellent in its first cavalcade competition.

Mr. Mills and Mr. Shaner spend many gruelling hours working on and off the field. Mr. Shaner choreographs the entire field show, while Mr. Mills works to bring out the best possible sound.

During the majority of the year, the band practices for concert performances. Repeating the same passage over and over is time consuming, but necessary for perfection.

The senior band will improve next year and in the years to come. The group is developing a finer reputation, and with the new uniforms arriving in the future, the Scouts will demonstrate more of that Weiser pride and spirit.
